

CORPORATE SOCIAL RESPONSIBILITY (CSR) STATEMENT

Moores Furniture Group design, manufacture, provision and install indoor furniture and associated products. The items are primarily constructed from melamine-faced chipboard, medium density fibreboard and other 'wood' products.

The Company is continuously striving to be a leading example of corporate & social responsibility. To accomplish this we have the following commitments in place for our employees, customers, for sustainability & environment and for local communities.

Employees – we provide all employees with the opportunity to reach their maximum potential and support this via on-going development programmes, the appraisal process, apprenticeship opportunities and succession planning.

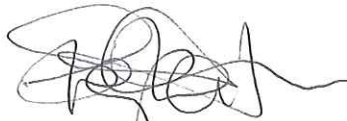

Customers – we aim to provide value and products which are in line with customer expectations, thus, working in a moral and ethical manner, providing community value and a lasting legacy, wherever possible.

Sustainability and the Environment – we are committed to conducting business in a manner which protects the environment from our operational impacts, whilst supporting our local community, Government and Global sustainability targets.

Local Communities – we contribute to and support community partnerships by actively engaging with local schools and colleges promoting local apprenticeships. We also work in partnership with local schools and authorities to fulfill our commitment within the community, offering manufacturing education opportunities and job search skills to pupils, who are the future 'work' generation.

Moores Furniture Group use corporate funds, manufactured product and employee volunteerism to accomplish its community engagement objectives by supporting our employees, customers and supply chains in their pursuit of charitable endeavours.

Copies of the CSR statement are available to customers and the general public via a link from Moores website <http://www.moores.co.uk/>.
